

## Colchester Poultry Club

All bird keepers should take extra biosecurity steps, including:

- that birds should be health-checked before travelling to any gathering (show)
- that any birds travelling from a gathering (show) to any premises (whether they are returning stock or to a new location) should be isolated from other birds at that premises and health-monitored for at least one week afterwards.
- All carriers, pens, boxes must be clean with no sign of faecal contamination, they must be cleaned and disinfected on return from the gathering (show)
